## Prevalence and Clinical Relevance of Extracardiac Findings on Preprocedural Computed Tomography Angiography for Catheter Ablation of Atrial Fibrillation

J Updates Cardiovasc Med 2026;14(1):24-32

During the publication process, a contributing author was inadvertently removed from the author list. This missing author was not included in the “Cite this article as” and “Authorship Contributions” sections.

The missing author name **Oğuzhan Ekrem Turan** and missing author position (author position 2) have been corrected as follows:

Missing author name **Oğuzhan Ekrem Turan** and missing author position (author position 2)

Reşit Yiğit Yılcıoğlu<sup>1</sup>, Mahmut Mustafa Barış<sup>2</sup>, Emin Evren Özcan<sup>1</sup>

The added author name **Oğuzhan Ekrem Turan** and the added author position (author position 2)

Reşit Yiğit Yılcıoğlu<sup>1</sup>, **Oğuzhan Ekrem Turan**<sup>1</sup>, Mahmut Mustafa Barış<sup>2</sup>, Emin Evren Özcan<sup>1</sup>

The name of **Oğuzhan Ekrem Turan** was inadvertently omitted from the “Cite this article as” section.

**Cite this article as:** Yılcıoğlu RY, Barış MM, Özcan EE. Prevalence and clinical relevance of extracardiac findings on preprocedural computed tomography angiography for catheter ablation of atrial fibrillation. J Updates Cardiovasc Med. 2026;14(1):24-32.

**This section should be corrected as follows:**
